

Nuestras Voces (Our Voices) Network

September 2019

HISPANIC HERITAGE MONTH 2019 Webinars

Healthy Americas Webinar Series

The **Nuestras Voces Network** is pleased to invite you and your colleagues to register for a special webinar series celebrating **Hispanic Heritage Month**. Please join us to hear from a group of changemakers about innovation in community well-being, including new financing options for states and localities. Partners presenting new innovations include the American Heart Association, American Public Human Services Association, National League of Cities, and leading Hispanic community-based organization leaders. To learn more and to register visit: www.healthyamericaswebinars.org

CANCER NEWS

September is Gynecologic Cancer Awareness Month

All women are at risk for gynecologic cancers for which is important to learn how to lower your risk. CDC's *Inside Knowledge About Gynecologic Cancer* multimedia campaign raises awareness among women and health care providers about the five main types of gynecologic cancer: cervical, ovarian, uterine, vaginal, and vulvar. It encourages women to pay attention to their bodies, so they can recognize any warning signs and seek medical care. Campaign resources are available at no cost in both English and Spanish. Fact sheets, brochure, posters, can be downloaded. For more information about gynecologic cancers and the *Inside Knowledge* campaign visit:

TOBACCO NEWS

Stanford University's Tobacco Prevention Toolkit

The Tobacco Prevention Toolkit is a theory-based and evidence-informed educational resource created by educators and researchers aimed at preventing middle and high school students' use of tobacco and nicotine products. The Tobacco Prevention Toolkit is committed to providing free tobacco/nicotine prevention materials to educators directly working with youth. No special permissions are needed to use the Toolkit. Everything on the Toolkit website and trainings are free of charge. To access the toolkit visit
